CG, 31 A Div, Ft. Snelling, Minn	1-52	Page 1 of 1 Pages

The 72nd Air Base Squadron at Wold-Chamberlain Field, Minneapolis, Minnesota, has forwarded to us a letter from Mrs. Godward. She reported sighting a flying object. The details of the sighting are reported below:

DESCRIPTION IN OBSERVER'S WORDS: "I saw a strange object flying through the sky. I am not able to give a very complete description of what I saw, however, I did gain the following impressions: (1) That it seemed to be spinning; (2) It came from the general direction of what I would guess to be North by Northeast and traveled in a straight Southerly direction; (3) It was travelling parallel to the ground; (4) There seemed to be flames coming from both ends of the object; (5) I very definitely heard a "whooshing" sound. I heard this sound very clearly over the sound of my windshield wipers; (6) I am not able to guess how fast it was travelling, yet the "whooshing" sounds, which seemed to accompany each turn of the object, came at what I would guess to be one (1) second intervals."
